### 1. Mobile app and computer app

EDIFIER ConneX app

EDIFIER TempoHub

#### • With the mobile app or the computer app, you can

- Switch EQs,
- Select or customize light effects,
- Upgrade the firmware, and
- More functions.

#### • EDIFIER ConneX mobile app

1. With your smart device, scan the QR code on the quick start guide or the packaging.
  - You can also search for "EDIFIER ConneX" in Apple App Store (iOS devices) or Google Play (Android devices).
2. Download and install the app.
3. Connect your smart device with the speaker via Bluetooth.
4. In Bluetooth mode, open EDIFIER ConneX App on your smart device.
5. Tap the menu for settings and playback control.

Note: The BLE connection between your smart device and the speaker remains active when the speaker is switched to USB/AUX mode.

#### • EDIFIER TempoHub computer application

1. Access the link below to open the download page.  
<https://www.edifier.com/PC.html>
2. Download and install the application on your computer.

Note: The following operating systems are supported: Windows 11, Windows 10, and MacOS 10.15 or later versions.

### 2. What's in the box?

Passive speaker

Active speaker

Power cable

USB connecting cable

Quick start guide

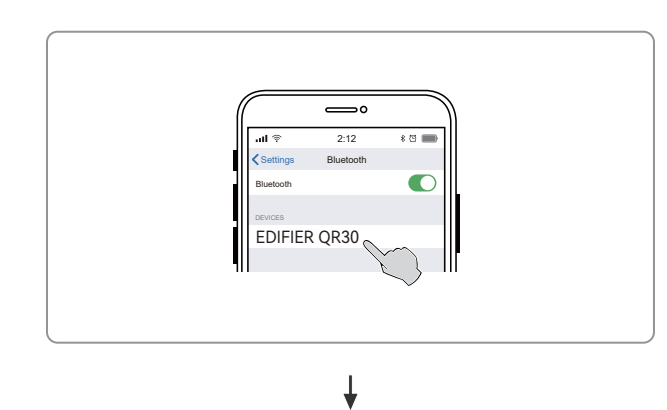

Important safety instructions

Note:

- Images are for illustrative purpose only and may differ from the actual product.
- The bundled USB connecting cable is for audio streaming only. Do not use it for device charging.
- For the need of technical improvement and system upgrade, information and specifications contained herein may be slightly different from actual product. If any difference is found, the actual product prevails.

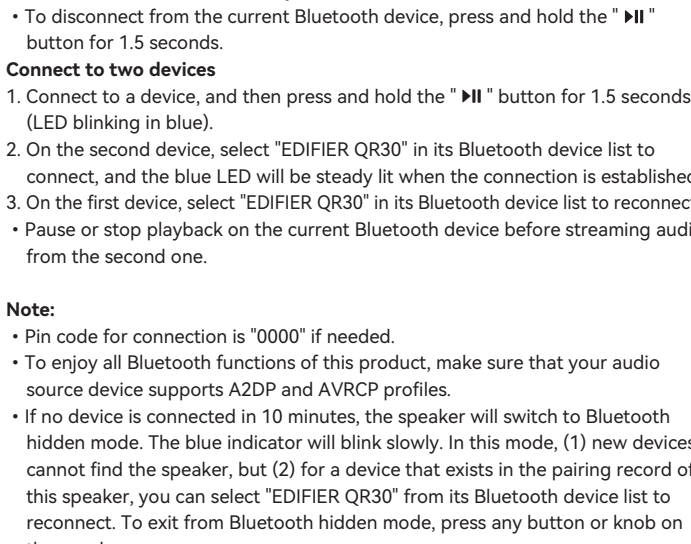

### 3. Cable connection

Note:

- \* Power input: 100-240 V~ 50/60 Hz 300 mA
- \* This plug type is meant for illustration purpose only.
- When using the included USB cable, connect the USB connector near the ferrite bead to the USB port on the speaker.

### 4. Power on/off

Press and hold the "⏻" button for 1.5 seconds to power on/off the product.

### 5. Source selection

Input	Bluetooth	USB	AUX
Indicator	Blue	Red	Green

### 6. Bluetooth connection

This speaker supports the simultaneous connection of two Bluetooth devices.

#### Connect to a device

1. Press the "⏻" button to switch to Bluetooth input mode. If no device is connected, the speaker will auto-enter Bluetooth pairing mode (LED blinking in blue). If not, press and hold the "⏻" button for 1.5 seconds.
2. On your device, select "EDIFIER QR30" in its Bluetooth device list to connect, and the blue LED will be steady lit when the connection is established.

- To disconnect from the current Bluetooth device, press and hold the "⏻" button for 1.5 seconds.

#### Connect to two devices

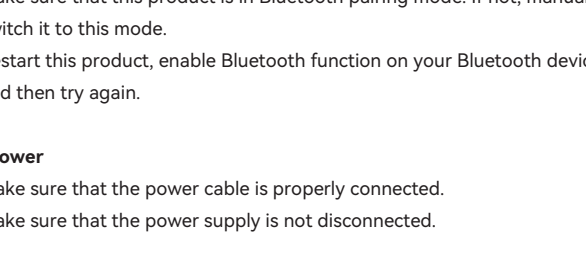

1. Connect to a device, and then press and hold the "⏻" button for 1.5 seconds (LED blinking in blue).
2. On the second device, select "EDIFIER QR30" in its Bluetooth device list to connect, and the blue LED will be steady lit when the connection is established.
3. On the first device, select "EDIFIER QR30" in its Bluetooth device list to reconnect.

- Pause or stop playback on the current Bluetooth device before streaming audio from the second one.

Note:

- Pin code for connection is "0000" if needed.
- To enjoy all Bluetooth functions of this product, make sure that your audio source device supports A2DP and AVRCP profiles.
- If no device is connected in 10 minutes, the speaker will switch to Bluetooth hidden mode. The blue indicator will blink slowly. In this mode, (1) new devices cannot find the speaker, but (2) for a device that exists in the pairing record of this speaker, you can select "EDIFIER QR30" from its Bluetooth device list to reconnect. To exit from Bluetooth hidden mode, press any button or knob on the speaker.
- After switched to Bluetooth input, the speaker will reconnect to the last connected devices automatically.

### 7. USB connection

Note:

The following operating systems support USB audio streaming: Windows 11, Windows 10, Windows 8, and Windows 7.

### 8. Play control

Note:

In AUX and USB modes, volume sync is not supported. To adjust the volume, adjust on the speaker and your device separately.

### 9. Light effects

Note:

12 preset light effects are optional. You can assign the "⚙️" button on the speaker with 2 to 6 light effects in EDIFIER ConneX mobile app or EDIFIER TempoHub computer application.

### 10. Specifications

Total output power (RMS): 15 W + 15 W

Frequency response: 63 Hz-20 kHz

Declaration for EU

Frequency Band: 2.402GHz ~ 2.480GHz

RF Power Output: ≤ 10 dBm (EIRP)

There is no restriction of use.

### 11. Troubleshooting

#### Cannot connect to your Bluetooth device

- Make sure that the distance between this product and your Bluetooth device is less than 10 meters and there are no obstacles between them.
- Make sure that no device is connected to this product via Bluetooth.
- Make sure that this product is in Bluetooth pairing mode. If not, manually switch it to this mode.
- Restart this product, enable Bluetooth function on your Bluetooth device, and then try again.

#### No power

- Make sure that the power cable is properly connected.
- Make sure that the power supply is not disconnected.

#### No sound

- Make sure that this product is powered on.
- Make sure that this product and your device is properly connected.
- Make sure that the playback is not paused.
- Make sure that this product and your device are not muted.
- Increase the volume of this product and your device.

#### Noise coming from speakers

- EDIFIER speakers generate little noise, while the background noise of some audio devices are too high. Please unplug audio cables and turn the volume up. If no sound can be heard at 1 meter away from the speaker, there is no problem with this product.
